C O N F E R E N C E

India's flagship event, **Bengaluru Tech Summit** has evolved over two decades as a Premier ICT, Electronics and Biotechnology Summit. Powerful Conference has been a strong component of the event right since inception providing comprehensive view of critical, technical, commercial, policy issues facing the industry.

The International Conference will bring together top technology experts, futurists, policy makers, research heads and industry captains from all over the globe to indulge in invigorating sessions. Eminent personalities will deliberate on thought leadership while expert speakers will give insights into the latest industry trends, future opportunities and innovators will present the path breaking ideas.

The conference will have over 260 expert speakers with over 3000 delegates which will be developed with the support of leading Industry associations/organizations.

Special Program

THOUGHT LEADERS CONCLAVE

The IT and BT Thought Leaders Conclave will be a power packed evening with Industry Captains from the IT & BT Industry as well as Policy Makers coming together on a single platform to throw light on the challenges ahead, uncover potential opportunities and discuss the means to achieve exponential growth.

IT EXPORT AWARDS

STPI recognizes IT companies based on their performance and contribution to the industry by bestowing Export Awards in different categories every year in a star studded evening. An eminent jury committee consisting of representatives from STPI, Government of Karnataka, Academia and Industry recommends the deserving awardees covering entire spectrum of IT, ITES and Electronics & Hardware Exporting Companies.

BIO EXCELLENCE AWARDS

The Bio Excellence awards offers individuals and companies with a platform to showcase their contribution and value addition in the field of Life Sciences and Biotechnology. Exhibitor awards recognize the best designed & informative Booth along with Poster Awards presented for the most original or innovative idea presented during the programme.

SHOWSTOPPERS (PRODUCT LAUNCHES/DEMO)

Hundreds of technology products and services are being launched on daily basis with very few of them actually reaching their intended audience. Securing product coverage is even more challenging for selling complex, enterprise, innovative & emerging technology.

This year at BTS 2018 we are giving an opportunity for technology companies to demo or launch their product to a global audience.

BENGALURU TECH EXCHANGE

An increasingly popular concept at the Bengaluru Tech Summit offers a unique lab to market platform to host and showcase research ideas and potential innovations to IT & BT industry and help to capitalize, exchange ideas and accelerate its successful development. This is a great opportunity which helps incubators to reach business investors and to get businesses off the ground.

Special Program

GLOBAL INNOVATION ALLIANCE ZONE

The Global Innovation Alliance Zone provides a unique and interactive showcase of the latest innovations from the top startup hubs from across the globe. A showcase of the latest technology products, innovative and revolutionary solutions identified to impact and change the industry today and in the future.

START-UP ZONE

A platform for startups to showcase their innovations, meet tech founders, innovation executives, and investors to build partnerships and shape the future.

TECH TUTORIALS

These tutorials are focused on providing an opportunity for participants to learn first-hand from the industry experts. Each session is a springboard to a deeper understanding of technology and its myriad applications and potential for innovation.

POSTER - WALKWAY OF DISCOVERY

Poster sessions allow for greater audience engagement and has gained immense popularity overtime. Posters exhibited by young researchers showcase newness each time with their excellent research and innovative ideas that have the potential to make significant impact in the field of life sciences and biotechnology.

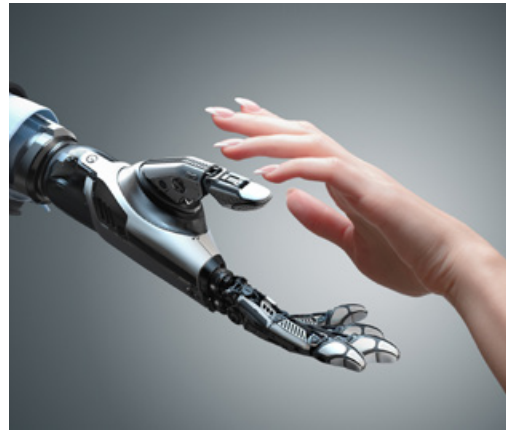

MAKERS

This is a platform to showcase for anyone who is embracing the DIY or do-it-yourself (or do-it-together!) spirit and wants to share their accomplishments with an appreciative audience and rub shoulders with other makers. It is a place where technologists, hobbyists, tinkerers, artisans, craftspeople, entrepreneurs and the merely curious gather together to celebrate, inspire and get inspired!

B2B MEETINGS

The Partnering tool helps schedule targeted meetings using our One-on-One partnering application and set up face-to-face meetings with the leaders in IT & Biotech, Heads of reputed research institutions and policy makers from state & central government. This application aims to make maximum use of time and facilitate access to relevant audience with a wide spectrum of opportunities.

SPONSORSHIP

We have a range of sponsorship opportunities to maximize the organization's exposure to key stakeholders. Sponsors will receive acknowledgements, benefits and entitlements according to their level of sponsorship contribution.

Event is being promoted through Industry Publications, News Dailies, Electronic, Social Media, and through Associations, Trade Missions to inform and generate interest and bring in the Target Audience.

This is an excellent platform to showcase your technologies, solutions, products, services and innovations providing ample opportunity to gain ultimate business exposure.

Talk to us for customized Sponsorship Opportunities.
