IIJS – THE PREMIERE SOURCING HUB

The IIJS is the GJEPC’s flagship exhibition that is recognised as being among the top five trade shows in the world. The IIJS is a premiere meeting ground for the entire Indian gem and jewellery trade. It’s the place where one can source cutting-edge jewellery designs, an array of the finest quality loose gemstones and diamonds, state-of-the-art machinery and technology.

IIJS draws nearly 35,000 domestic and international visitors each year, and the show is a testament to India’s expanding leadership position in the gem and jewellery sector.

Retailers, wholesalers, distributors, designers, students and others visit the IIJS to stock up on exclusive jewellery inventory, source precious and semi-precious colour gemstones and keep a finger on the pulse of the current market trends.

While India has been known for its handcrafted jewellery traditions for centuries, it is well on its way to becoming a jewellery manufacturing hub for the rest of the world. Great strides have been made through the deployment of technology-driven methods like computer-aided designing and now 3D manufacturing – all of which will be on display at IIJS.

Visit IIJS for an all-round enriching experience.

PRODUCT SECTIONS

1100+ Booths
30000 Sq.mtrs
18000+ Trade Visitors
55+ Countries
325+ Cities in India
HIGH ON DESIGN AND INNOVATION

Signature IIJS is India’s biggest destination for jewellery with a design-centric focus. The first show of the calendar year has become an indicator for upcoming jewellery trends for the rest of the year. The show is now widely acknowledged as the platform for experimenting with innovative techniques and ideas – and manufacturers take pride in flaunting their contemporary creations.

The exhibitors are India’s top jewellery manufacturers and designers, who prefer to exhibit only at Signature IIJS for it allows intimate one-on-one meetings with clients. The ambience and the relaxed pace facilitates productive dialogue between the exhibitors and visitors.

Signature IIJS is the ideal networking platform for retailers, wholesalers and distributors looking to stock up inventory. The show expects 18,000 visitors from 55 countries and 325 cities within India. Signature IIJS welcomes all trade members to one of the world’s most exciting markets.

PRODUCT SECTIONS:

- Diamonds & Gemstones
- Studded Jewellery
- Gold Jewellery
- Signature Club
- International Pavilions
- Laboratories & Education
The 11th edition of Signature IIJS, in a bigger and better avatar, was inaugurated yesterday by chief guest Arun Mehta, chairman of Rosy Blue Pvt. Ltd. Welcoming the dignitaries, the newly elected GJEPC chairman Pramod Agrawal informed that the Council had recently met commerce minister Suresh Prabhu, apprising him about the Jewellery Park, Common Facility Centres (CFCs), and promotion of handmade jewellery. Agarwal noted that the minister evinced key interest in these proposals, and a comprehensive plan would be sent to him very soon.

GJEPC Outlines Holistic Growth Plan

Chief guest Arun Mehta inaugurating Signature IIJS and IGJME in the presence of (from left) Kirit Bhansali, Colin Shah, Pramod Agarwal, and Shailesh Sangani.

The chairman thanked the government for reducing the GST rate on diamonds and precious stones from 3% to 0.25%. “We are happy that the Union Budget announced the reduction of corporate tax to 25%. We also welcome the government’s contribution of 12% of wages towards EPF for new employees in the first three years.”

Agarwal added, “We are happy to announce that the GJEPC has been supporting the DPA for generic promotions to create a strong top-of-the-mind recall for diamonds. The GJEPC also supports the signing of FTAs with countries for boosting trade.

“We are working very hard to make Signature IIJS a world-class show and therefore we have integrated IGJME for upgrading jewellery manufacturing with technological development to maintain a leading position in the global jewellery industry by focusing on value addition.”

Agarwal stated that the government has identified 13 CFC clusters in India that would be developed with a government grant. He informed that the Council will also start a helpdesk where members can seek guidance to increase exports. “The Council has always been engaged in upgrading skills and spreading education about jewellery making and is happy to announce that IIGJ opened another centre in Varanasi; the other one is coming up in Udupi soon. The GJEPC is also planning more buyer-seller meets abroad and we welcome industry members to offer suggestions in that direction,” he noted.

Chief guest Arun Mehta stressed that jewellery demand would be severely hit if India International Jewellery Show
Technology today plays a major role in every aspect of jewellery making. The use of the latest equipment and technology will be a crucial component of India’s vision of becoming the leading jewellery hub in the world.

IGJME is the perfect channel for realising the ‘Make in India’ dream as it encourages value addition in the gem and jewellery sector. Cutting-edge technology enhances productivity and quality which is at par with international standards.

IGJME exhibitors showcase state-of-the-art jewellery manufacturing technology, including laser machines, computerised yield planning machines, advanced bruiting lathes and diamond impregnated scaives. Visit IGJME to gain a deeper insight into the ever-changing world of gems and jewellery.
